

Walk with us

Dear Parishioners

You are invited to walk with me at the Parkview Golf Club for three nights as a show of community and support to every one who has and continues to suffer because of Covid-19. Some of my friends and those I have worked with closely have passed away because of Covid-19. My experience is not unique, and as the church community of St George's I believe we can help those who are in distress.

We hope to create a greater sense of community, and raise some funds through the walk. Ask friends if they will walk with you, making it a memorable experience filled with hope and gratitude. There is no cost to the walk. Ultimately, the walk is about community. The challenge is rather to establish and recruit 4 people who can walk with you in a group. Multiple of these groups will then walk socially distanced around the beautiful golf course.

If you would like to sponsor towards the goal of the walk – of creating awareness and assistance to those who might be finding themselves in a difficult position to make ends meet, who are hunger and desperate, please contribute a financial amount of your discretion to St George's account, marked 'social responsibility' or 'walk for hope'.

The walk has been postponed with two weeks, happening now Monday to Wednesday, 1 to 3 March. Each evening a distance of three kilometres will be completed. You can choose to walk every evening or how many you feel comfortable with. As mentioned, you don't have to sponsor the distance you walk, or walk the distance you sponsor. Everyone is welcome.

The walks will be from 17:30 – 19:00, meeting at the clubhouse to commence.

I hope you can join. Please contact Nomawethu in the office to register or get more information.

Rev Eben
